Doctoral Advisory Committee Request Form

Separate forms, available in the Music Graduate Office and on the graduate office web site, should be used to request minor field representatives in Music History & Literature and in Music Theory.

The Doctoral Advisory Committee normally consists of three major-field representatives and two minor-field representatives. Some second minors, and the Guided Electives option, do not have a minor field representative. For performance majors, the student’s teacher is the chair of the committee.

You may use this form to request major field representatives, who are responsible for recital grading and for the major field qualifying exam; and to request minor-field representatives, who are responsible for minor-field qualifying exams.

Please appoint the following faculty members to my Doctoral Advisory Committee.
I have spoken with each and he or she has agreed to serve.

Degree/Major Area: __________________________

(1) __________________________, Chair

(2) __________________________

(3) __________________________
