**Sponsorship:**

Students of Associate Instructors wishing to sing for the Voice Faculty must be sponsored by a Voice Faculty member. The student, together with his/her AI, must arrange to sing for a Voice Faculty member as a preliminary audition before s/he can schedule an audition for the department. Based on this hearing, the faculty member will decide whether or not the student is a candidate for an audition. The faculty signature will serve as authorization to schedule the audition. Sponsorship should come from the teacher of the AI.

Students wishing to transfer in from other departments must also be sponsored by a faculty member. Sponsorship may come from a faculty member within a student's own department, but it must be authorized by the Chair of the Voice Department.
