

INDIANA UNIVERSITY JACOBS SCHOOL OF MUSIC

DOCTORAL ADVISORY COMMITTEE

REQUEST FORM

The Doctoral Advisory Committee normally consists of three major field representatives and two minor field representatives. Some second minors (and the Guided Electives option) do not have a minor field representative. For performance majors, the student's teacher is the chair of the committee.

You may use this form to request major field representatives if you are about to give your first recital. These three persons are responsible for recital grading and for the major field qualifying exam. Your minor field representatives may be appointed now or later. (They must be appointed in order for you to write minor field qualifying exams). Note: the Musicology Department has a separate minor field representative form.

If you have already appointed a committee and are proposing a replacement member, please indicate that below.

Please appoint the following faculty members to my Doctoral Advisory Committee.

I have spoken with each and he or she has agreed to serve.

Degree/Major Area: _____

(1) _____, Chair [replacing _____]
